

STUDIES OF SOME SPECIES RARELY PHOTOGRAPHED.**XXIV. THE GREAT NORTHERN DIVER.**

Photographed by G. K. YEATES, K. V. CARLSON AND
BJÖRN BJÖRNSSON.

(Plates I—9).

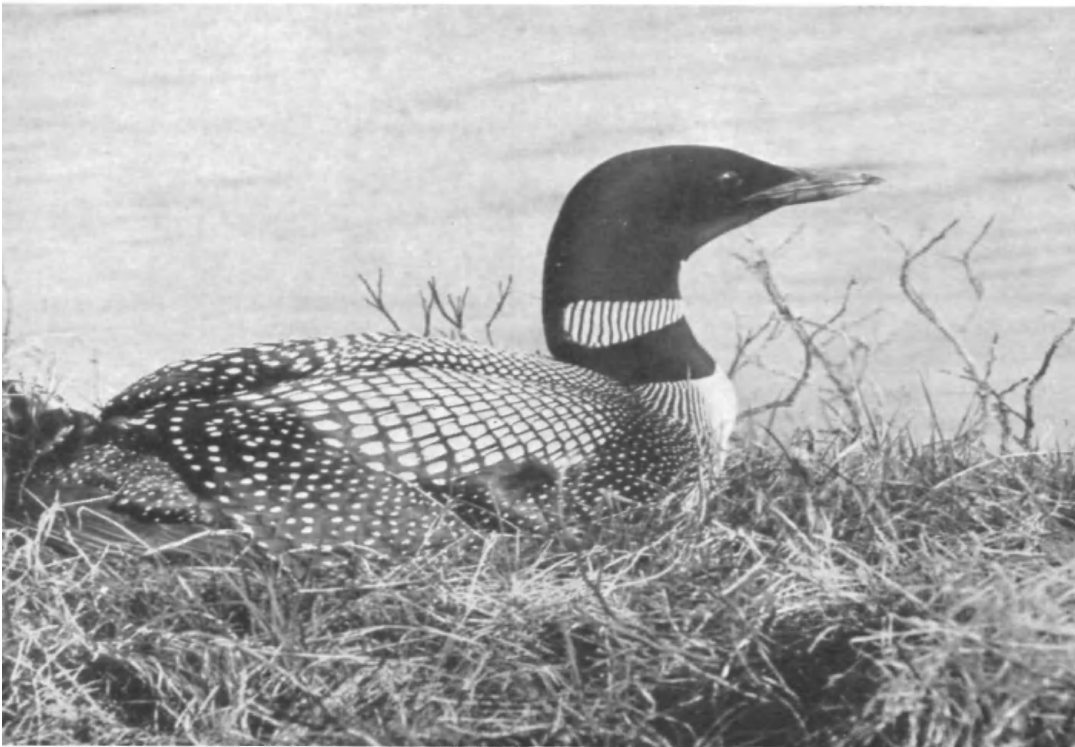

THE PHOTOGRAPHS illustrating Mr. Yeates's paper are being treated, by permission, as also constituting part of our series of "Studies of Species rarely photographed", together with several others, also taken in Iceland, by Mr. Björn Björnsson, of Reykjavik, previously received by us.
